**CO-PRODUCING A COMMUNITY FACILITY
WHICH NURTURES A RESILIENT,
WELCOMING AND UNITED COMMUNITY IN
THE MOST DIVERSE WARD IN WALES**

WELCOME FROM THE CHAIRS

During the unprecedented events of the last few years, the Grange Pavilion CIO, staff and volunteers have been amazing. We have remained fully open since May 2021, providing a vital service by supporting and facilitating programmes and space, including a food parcel delivery and advice service. We were welcomed back with a flurry of bookings and regular hires. These have included adult learning, homework clubs, parent and baby clubs, sports, dance, music, organisation away days, filming, parties, training, community consultation, mental health and as a polling station. We have also been affected by the Cost-of-Living crisis and high inflation, as many others have in the voluntary sector. To continue managing the Grange Pavilion sustainably and providing a vital service to the Grangetown Community, we have had to make difficult decisions such as increasing the basic rate cost of hiring out rooms by £5 per hour in the Grange Pavilion so we can continue to thrive.

As we continue to work and provide the community of Grangetown with a sustainable, high-quality community venue that is owned and managed by the community for the community, the collaboration and cooperation with partners and communities have been essential which is demonstrated by the impact we can have. We are proud of our achievements this year, especially as we look to stand on our own two feet following start-up funding from National Lottery, and as Cardiff University completes its Asset Guardianship with a handover of the 99-year lease to the Grange Pavilion CIO, which you can read about in this report. The hardworking staff team and Board continue to impress us with their knowledge and expertise - we want to thank our dedicated Board members, staff, partners, and volunteers who continue to devote their time and energy to achieving the best possible outcomes for the Grange Pavilion.

We'd also like to give our thanks to David Reeves, one of our former Trustees from Cardiff Bay Rotary, who has been with the Grange Pavilion project from the early days when we would gather at the previous building in the cold and wet. David and the Cardiff Bay Rotary have played an important part in the Grange Pavilion development, and we are stronger as a charity because of his passion, purpose and, of course, generous contributions to our project. A special thanks also to Greg and Lizzie, our board members who also are stepping down and have made an immense contribution and played an invaluable role in the last few years.

We firmly believe that our work is critical in supporting our local community and we look forward to the year ahead in developing more partnerships and working with more groups and communities to help the Grange Pavilion thrive.

**Ali Abdi and Nirushan Sudarsan,
Co-chairs of Grange Pavilion CIO**

SUMMARY

Built in 1962, Grange Bowls Pavilion was a 134m² council-owned facility. Located in a popular green-flag neighbourhood park, the Pavilion was vacated following budget cutbacks and began to deteriorate. In 2012, Grangetown residents approached Cardiff Council to investigate how vacant facilities like this could be re-developed for widespread community use held and began holding activities in the Pavilion in 2014.

Between 2012-2019, community, Cardiff University and external partnership development supported consultation, engagement and co-production, testing community-led ideas, developing resident-led and externally delivered activities, and instituting community interest-based funding applications.

Construction began in 2019 with funding and in-kind contributions secured from National Lottery Community Foundation, Welsh Government, Garfield Weston Foundation, Moondance Foundation, Clothworkers' Foundation, HEFCW, Wales and West Housing, Taff Housing, IKEA, Cardiff Bay Rotary Club and more, alongside multiple individual donations.

Key principles underpinning redevelopment of the Grange Pavilion included the community-led activation of a civic space; co-production instead of consultation; concept-testing to evidence interest and need prior to developing a design brief; partnership design workshops at each stage of the process; a long-term commitment supporting the project long before and long after design stages; and the pursuit of design quality.

The transformed Grange Pavilion - comprising 600m² of community space with coffee shop and bathroom facilities, complemented by sustainable biodiverse green infrastructure and play areas, opened its doors to the 20,000-strong community of Grangetown in October 2020.

With the building fully operational and open to the public since May 2021, we have a variety of regular groups and users hiring the space. These have included adult learning, homework clubs, parent and baby clubs, sport, dance, music, organisational staff away days, filming, parties, training, community consultation, mental health, a polling station and much, much more.

WE ARE GRANGE PAVILION

Grange Pavilion is a resident-led project to develop and revivify Grange Bowls Pavilion and Green, a former Cardiff Council property in Grange Gardens, transforming it into a multifunctional indoor and outdoor space for community activities.

This will deliver long-term social, creative, economic, educational and environmental benefit to the local community of Grangetown, which is Wales' most ethnically diverse ward.

Grange Pavilion aims do this by providing multifunctional indoor and outdoor spaces for community activities and incorporating a social enterprise café. The priority is to serve local people, by providing opportunities for education and training, creative practices, increased health and wellbeing, increased social cohesion and youth provision, and encourage more community action.

Our core aim is to benefit the residents of Grangetown, without distinction of sex, sexual orientation, race or of political, religious or other opinions by associating together residents and the local authorities, voluntary and other organisations in a common effort to provide facilities with the objective of improving the long-term conditions of life for the residents. But that sounds complicated!

Here is a simpler description...

OUR AMBITION

The ambition underpinning the capital redevelopment focused on creating a welcoming, accessible, non-institutional civic space which demonstrates a sense of long-term civic quality.

OUR COMMITMENT

Taking on a 99-year lease requires that we plan for the long-term community-led care of the Grange Pavilion, by having a viable business case while keeping the Pavilion affordable and accessible for community use.

OUR GROUNDS

The redeveloped building seeks to uphold the park's status as a Green Flag park, matching the civic quality of a nearby Victorian bandstand, a listed bus shelter, and a historic Parkkeepers' Hut.

OUR PARTNERSHIPS

Grange Pavilion is the resultant partnership project between residents' groups Grange Pavilion Project (GPP), Grangetown Community Action (GCA) and Cardiff University's Community Gateway project (CG).

Grange Pavilion was the first of over 60 partnerships initiated between Grangetown residents and Cardiff University over the past 6 years and has become the primary exemplar of how large institutions and hyper-local geographical communities can exchange knowledge and resources to coproduce strengths-based, strategies to transform our neighbourhoods.

The project is at the forefront of international action-research which is demonstrating not only how large organisations can act as equal partners at a local level, but also how all parties can coproduce mutually beneficial, systemic change.

In its role as short term asset guardian, Cardiff University is supporting the Grange Pavilion Charitable Incorporated Association (CIO) as its members develop the necessary skills, capacity and experience to take ownership of the Grange Pavilion by the end of the five-year funded period (February 2024).

Cardiff Council has supported the Grange Pavilion Partnership since 2014 and has worked alongside the team to transfer ownership of Grange Pavilion first to Cardiff University, and ultimately to Grange Pavilion CIO under a 99-year Community Asset Transfer lease.

BOOKING GRANGE PAVILION

The Green Room

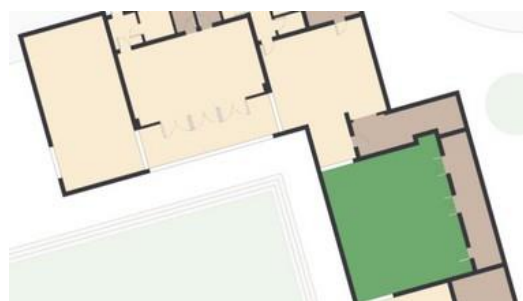

The main hall is a great space for conferences and events, lectures, theatre productions, large group meetings and activities.

9.45m wide x 11.2m long (112m²)

Maximum capacity: 55

MEET THE GRANGE PAVILION TEAM

Sophey Mills
Manager

"I have been so grateful to be involved in such a positive and inspiring project in such an active community. I have loved getting to know Grangetown and all involved. Since our last AGM we have achieved so much as a community and can only see it getting better for all of us! We have a great team and I can see a positive future for Grange Pavilion. I am extremely proud to be able to help make this happen for everyone and promise to keep working to ensure we achieve so much more going forward. Thanks for having me Grangetown - I LOVE IT!"

Aliyah Jama
GP Assistant

THE HIDEOUT COFFEE SHOP

The Hideout Coffee Shop has been open since 2018 operating in the original Grange Pavilion until it was closed for reconstruction. It reopened its doors in the newly built Grange Pavilion on the 5th October 2020 and has been a huge hit with Grangetown residents, and now employs three local residents to work in the coffee shop.

The Hideout (in partnership with Grange Pavilion) has received several pots of funding for breakfast club initiatives over the course of the pandemic, as well as Earth Hour funding to provide meal bags with recipe cards. The café also offers a '*coffee with a conscience*' scheme offering patrons the opportunity to buy a coffee for someone less able to afford it. Vouchers to be claimed are on display in the window of the takeout hatch, making it easy and discreet to claim a free drink.

In addition to the delicious coffee and tasty cakes and toasties on offer at the counter every day, the Hideout can also offer catering for meetings or sessions booked at Grange Pavilion. Prices start from £65 for a refreshment package including refillable tea and coffee with a box of homemade cake slices, to £14.50 per person for a sandwich package which also includes crisps and fruit platters.

Please contact Zara for more catering queries: thehideoutcardiff@gmail.com

PROJECT UPDATES AND AWARDS

Staff and Utilities Grant

The funding from the Moondance Foundation allowed for the Grange Pavilion to operate and recruit three members of staff on job share to cover weekday evenings and weekends. This has allowed for the Grange Pavilion to be available for hire to the local public, businesses and organisations in the community.

Winter of Wellbeing

The sessions delivered from the Grange Pavilion by external organisations and Cardiff University representatives with relevant expertise in areas of expertise including art, play, youth work and STEM activities. The activities developed with the Grange Pavilion Youth Forum, a registered Community Interest Company that has been running weekly activities from the Grange Pavilion with children and young people from Grangetown. The Winter of Wellbeing timetable of activities ran over a 3-month period from 12 January to 31 March 2022.

Together for our Planet: Climate Action Café

We completed the project with a widening appeal of the gardening group and its related activities linked to climate change and encourage more people to get involved. We will be showing a commitment to taking positive climate action and encouraging others to do the same via our gardening activities. We will be lowering our carbon footprint via increased composting, planting and local food production. We will be providing opportunities for the development of new sustainable skills and open discussion about climate change. Our project as a whole encourages members of the local community to plan for climate emergency - to consider what climate action could mean to them and why it matters. We provided opportunities for the community to participate in positive climate action via our organic gardening and composting, and training events.

Visit from UK Levelling Up Secretary, Andy Haldane

Community Renewal Fund: Place Rangers and Apprentices

Our project for this provided Green event days green event in Pentre Gardens. The event was catered by the Vegetarian Food Studios. Sam Holt from Eggs seeds ran two workshops. Amanda Micro Green-grocer ran a sushi-rolling workshop. There was a wonderful trip to Duffryn gardens, our green event day had a selection of eco friendly toys for sale and their toy library, to promote the circular economy. We also had much more for the community on our green day and other workshops in and around Grangetown.

Food for Life Project

This project is something that is run every Monday where a local organisation through Atma in Cardiff Central distribute 40 litres of food and we pack it up for the community. This is free for our community, and it feeds families in need.

Magic Little Stars Grant

Our community sewing group that we run free for every Wednesday from 6-7:30pm. This is run by volunteers and members of the community. This has helped bringing a diverse group together and helping to engage with members of the community that we have not yet been able to engage with. We have around 20-25 members turning up and enjoying the session weekly.

Royal Society of Architects in Wales Awards 2022

The Grange Pavilion, a centrepiece of Cardiff University's Community Gateway project, has been awarded two prestigious Royal Society of Architects in Wales (RSAW) awards for bringing about meaningful change to Cardiff's Grangetown community.

The project, which has transformed an old bowls pavilion into a thriving hub of activity for the community, was awarded the RSAW Welsh Architecture Award 2022, as well as the RSAW Client of the Year 2022.

The Pavilion was recognised as an 'extraordinary community project' and commended for exemplifying 'true collaboration' and for the impact that it has had on local residents.

Double award success for Grange Pavilion

13 May 2022

The Grange Pavilion, a centrepiece of Cardiff University's Community Gateway project, has been awarded two prestigious Royal Society of Architects in Wales (RSAW) awards for bringing about meaningful change to Cardiff's Grangetown community.

Constructing Excellence Award 2022

Three Winning Facts:

1. People using the Grange Pavilion describe it as a friendly, inclusive, accessible resource at the heart of the community, calling it a 'a space of belonging', 'an essential, dynamic new space' and 'an awesome hub for the community to sit, work and play side by side, breaking barriers.'
2. The project represents a commitment to the long-term care and management of a civic space, with the role of the architect embedded in the project long before design began and continuing into occupation to support the long-term success of the Pavilion. This building represents a deep collaboration and commitment to community-managed civic space.
3. Community members of all ages, faiths and interests in Wales' most diverse ward co-produced the design brief and detailed design decisions at every step over a ten-year period, working in a deep collaboration with the design team.

GP YOUTH FORUM UPDATE

The Grange Pavilion Youth Forum consists of a group of young people (14-25 years old) from the Grangetown area that has developed over the last 8 years through the innovation and enterprise of young people in Grangetown. The Youth Forum recently became an independent entity as a Community Interest Company (CIC) in 2021.

The group provides opportunities for young people to support and engage in various activities in the Grangetown community such as the business forum, football clubs and University visits. Youth Forum members contribute to Grange Pavilion CIO through their presence on the Board, feeding into the wider work of the Pavilion and ensuring youth representatives can play a more central role strategically.

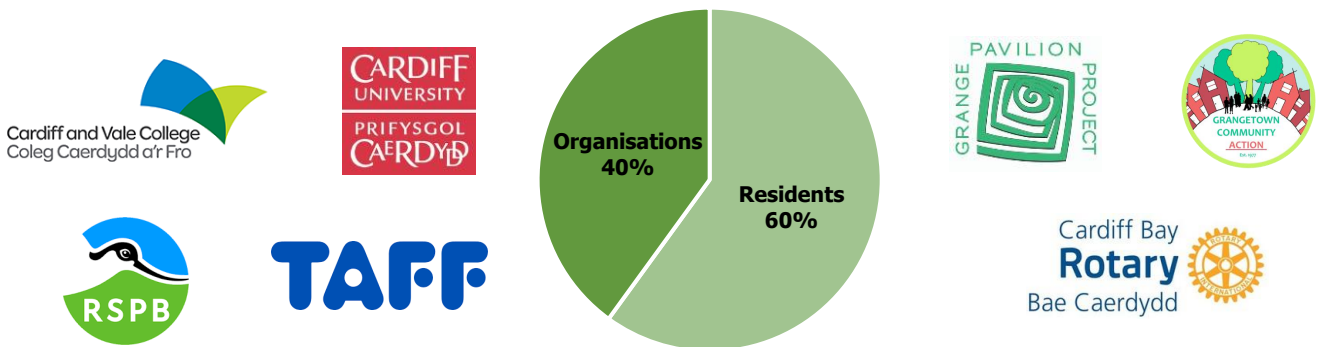

Some key achievements over the last year have included:

- **Launched our Training Ground Youth Led Café in the Grangetown Hwb to support young people in gaining experience and employability skills in the hospitality sector**
- Organised a Great Winter Get Together with the Jo Cox Foundation and brought together 70+ young people to enjoy fun, games and great food.
- **Working with local artists on a new project 'Arts for Change' developing and having workshops on mask making, printing and filming to put a Grangetown Youth Arts Festival.**
- Over the World Cup, through our partnership with Street Games, we created an atmosphere and worked on using football as a tool to engage young people and excited about the game.
- **Funding Appeals – Our amazing young people continued to respond to urgent needs around the world and pull together as a community. We raised £550 for the Türkiye – Syria Earthquake, £1000 for the Pakistan Floods and £5000 for Somaliland.**
- Worked with the School of Earth & Environmental Sciences to engage young people about the environment, learning about the River Taff ecosystems and taking trips to Cardiff Bay and Brecon Beacons.
- **Hosted a Youth Heritage Day on Somaliland for Black History Month**
- Supported Young People from Grangetown to complete the Rotary Youth Leadership Award
- **Held workshops with Flossy and Boo to learn about creative writing and storytelling**
- Attend the Black Mountain College on their Ecological Camp
- **Partnered with National Theatre Wales to work on their engagement and process on the show 'The Cost of Living'**
- We took over 60 young people to Oakwood theme park in Summer 2022, lots of fun and engagement to cap a great end to the school year
- **Worked with the School of Geography and Planning on the Grangetown Recovery Plan for young people**
- The young people are also active volunteers for Cardiff University activities at the Pavilion including Careers and Role Model week.
- **A new collaboration with SHARE school at Cardiff university, ACE, Fitzalan High School and Cardiff West High School looking at the past and history of Romans in Cardiff, connecting young people and heritage in a project called Roman 'Diff Fusion.**

OUR BOARD AND COMMUNITY

Volunteers have led the project's development since 2012 and will continue to develop the project as follows:

The Grange Pavilion CIO constitution states that at least 60% of the board must consist of Grangetown residents. The other 40% includes representation from organisations such as Cardiff University, RSPB, Cardiff and Vale College, Cardiff Bay Rotary Club and Taff Housing. This is to ensure long-term commitment to sustainability of the Board, as well as delivering volunteering, including community garden and Pavilion maintenance from Professional Services in Cardiff University and student volunteering from Cardiff and Vale College and Cardiff University.

Grange Pavilion CIO members have initiated and delivered project activities such as the annual Winter Fayre and Grangetown Festival and regular Grange Pavilion activities including the Repair Café, Homework Club, Culture Café, Art Therapy Classes, Football peer mentoring and Sports for Children. Partnerships with organisations have supported volunteers in planning, training, leading and sustaining activities.

The Board will continue to work with Community Gateway team to hold the annual community consultation, outreach and planning event 'Love Grangetown' each autumn and ensure that Grange Pavilion CIO has a stall and section on the agenda to facilitate community involvement in the project delivery and ensure ongoing recruitment to prevent volunteer burnout and respond to changing needs and aims of the community.

We welcome new ideas, feedback and suggestions on how we can grow Grange Pavilion together to continue making it more inclusive and welcoming. If you would like to have a conversation, please get in touch a Board members.

MEET THE BOARD ON THE FOLLOWING PAGES....

CO-CHAIR OF THE BOARD

I became involved with Grange Pavilion and the Community Gateway project as a resident almost eight years ago to help make Grangetown an even better place for all our residents. Grangetown is so special and unique and what makes that is the people, the local residents and the community. It's a fascinating place with lots going on and we are here, at the centre of all that is happening.

Ali Abdi

CO-CHAIR OF THE BOARD

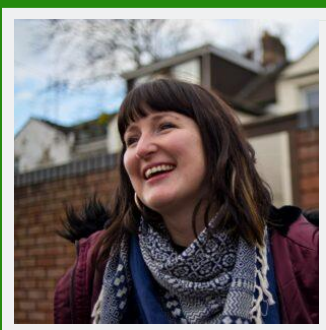

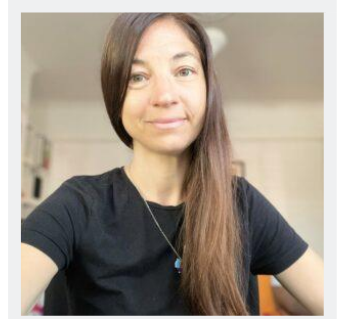

Grangetown is really diverse and multicultural and I guess what makes it so special is the people in it. It's a loving, caring, welcoming community and that's Grangetown's big strength: no matter where you're from you can always be welcome. Grange Pavilion means a lot to me; I've been involved with the Youth Forum since I was 15 years old. It provided a space for me when I was younger, and still continues to do so. Grange Pavilion is that space where everyone in the community can get together, get to know each other better and bring that togetherness feeling, so it's really special to me.

Nirushan Surdasan

TRUSTEE

I got involved with Grange Pavilion because, as a Grangetown resident, I am passionate about the future of this area and its community. I believe the Pavilion is the perfect place to bring different people together and thrive as a community.

Alice Radone

Grangetown is really special to me, it's a part of Cardiff that speaks up loud and proud. The Pavilion feels like the jewel in the crown of our community! I'm excited to share my passion and love for this place and all the possibilities which can happen when our community comes together and gets stuck in.

Rhiannon White

TRUSTEE

TRUSTEE

I joined as a board member earlier in 2021 as I wanted to get involved in Pavilion's work in the community. It is a great facility to have in the heart of Grangetown, which I hope will bring people of all ages and cultures together, to participate, learn and enjoy. I am a local of 10 years, live a couple of streets away and originally from Butetown. I look forward to help make this a great success and a place for all.

Lisa Ah-Mun

TRUSTEE (TREASURER)

I have worked for a Community Housing Association for 20 years. My ambition is about creating good quality homes and communities and building brighter futures for all. In my role as Head of Finance, Taff Housing Association, I am passionate about social change and enjoy working so services can be implemented or developed as to fit the needs of our community. I wanted to offer my financial skills and experience to this exciting project which is in the heart of the community I work for and the city I live in.

Lynne Williams

BOARD MEMBER

A community is a group of people sharing a space and environment. The Pavilion is the perfect example of such a place and the perfect space for a community to thrive.

Emma Harris

BOARD MEMBER

I got involved with Grange Pavilion as I saw it as a great opportunity for residents to take ownership of a much-loved space and give it a new lease of life for the whole community to use!

Ashley Lister

BOARD MEMBER

I became involved with Grange Pavilion because Grangetown feels like an international village which deserves a village hall. As a bonus, I get to know people I might not otherwise have met, and collectively imagine the future building.

Deborah Aguirre-Jones

BOARD MEMBER

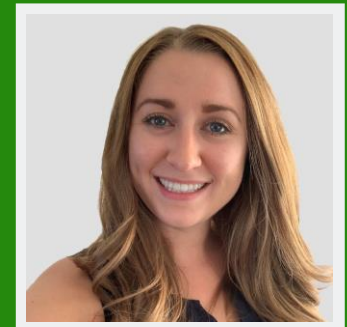

I'm a big believer that Universities should be part of daily lives in their local communities. Through Cardiff University's Community Gateway and the Welsh School of Architecture, I've been lucky to have been able to collaborate in the Grange Pavilion through teaching and research since 2012 and look forward to ongoing partnerships – getting the building up and running is just the start!

Mhairi McVicar

BOARD MEMBER

I joined the Community Gateway team in November 2021. I am passionate about outreach and engagement, and enjoy working with all members in a community. I am most looking forward to getting to know more individuals and community groups in Grangetown, embedding a more regular series of university activities in the timetable of events for both the Grange Pavilion and Youth Forum.

Corey Smith

BOARD MEMBER

I was introduced to Grange Pavilion through my previous role with Community Gateway and it has been a privilege to work alongside members of the community on a project that will deliver an outstanding facility in the heart of a thriving community.

Lynne Thomas

BOARD MEMBER

I got involved with Grange Pavilion because it's an exciting opportunity to be part of developing a fantastic facility for everyone in the community. Grange Gardens is lovely but it will be even better when we have a great cafe, community centre and place to meet.

Lizzie Swaffield

BOARD MEMBER

The task we gave ourselves in Communities First 10 years ago - to find a neutral community centre for all Grangetown. Looks likely to be completed this way!

John Fellows

BOARD MEMBER

My grandparents lived on Corporation Road and I used to play in Grange Gardens, as a child. I have fond memories of how big it was with lots of children playing together. Joining the Board allowed to give a little back to the community and hopefully see the Pavilion flourish. I work in the area and I believe it's important for us to work and help each other, if possible.

Kevin Robinson

BOARD MEMBER

I've always been passionate about my community and wanted to help. I feel that the Pavilion gets people together and offers us the opportunity to improve together rather than just as individuals and I want to see us improve together.

Mosem Suleman

BOARD MEMBER

As someone with years of experience in business management, supporting Grangetown Pavilion's future development means a great deal to me. I believe in the power of community and sharing ideas to make positive changes. Additionally, as someone who is passionate about mentoring and developing future community leaders, I would relish the opportunity to contribute to the growth and development of the next generation of leaders in Grangetown and beyond.

Abdi Yusuf

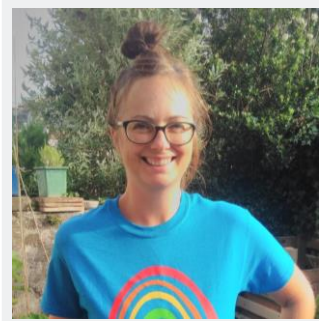

BOARD MEMBER

Although, I am not originally from the area, I'm proud to call Grangetown my home. I believe we deserve a community hub to support and promote the people who call Grangetown home and I cherish the opportunity to support the Pavilion. The building is just the start of the impact of the Pavilion and I'm delighted to be able to play a small part in its continued success for the future.

Beth Gaffey

BOARD MEMBER

I've been really excited to see the Pavilion develop and not long after I started a new job at Royal Society for the Protection of Birds the opportunity to join the board on behalf of the organisation came up. I jumped at the chance to contribute to the future success of the Pavilion and to learn from other board members. The RSPB looks after nature as well as birds and I'm passionate about ensuring we all have access to good quality green spaces in our communities.

Rebecca Falvey

FUNDING ACHIEVEMENTS

The Grange Pavilion CIO have been successful in the following funding applications – these are split into core funding (staffing/revenue) and project funding:

Core Funding		
Funding	Amount	Updates
WCVA Survive and Thrive (May 2022)	£42,585.50	<ul style="list-style-type: none"> 12-month fixed term full time Assistant Manager Post Consultancy services from the Funding Centre to develop a fundraising strategy

Project Funding		
Funding	Amount	Achievements
Winter of Wellbeing – Child Friendly Cardiff (Jan 2022)	£4,000	<ul style="list-style-type: none"> Led by GP Youth Forum Programme of activities every Wed and Fri evening through Jan-March 2022
Together For Our Planet (Feb 2022)	£10,000	<ul style="list-style-type: none"> Build allotment area Climate Action café - workshops and projects
WWF – Earth Hour (Mar 2022)	£1,000	<ul style="list-style-type: none"> In partnership with the Hideout Food bags with recipe cards for the community
Social Farm (Aug 2022)	£5,000	<ul style="list-style-type: none"> Purchased a polytunnel from community garden beds
Magic Little Stars	£500	<ul style="list-style-type: none"> Support community sewing group
ASDA Foundation (Feb 2023)	£1,500	<ul style="list-style-type: none"> In partnership with the Hideout Provided 200 breakfast bags during half term
WWF – Earth Hour (Mar 2023)	£800	<ul style="list-style-type: none"> Seed to Feed project Children sensory and play zone
